# Number: Multiplication and Division 

| MULTIPLICATION \& DIVISION FACTS |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Year 1 | Year 2 | Year 3 |  | Year 4 |  | Year 5 |  | Year 6 |
| count in multiples of twos, fives and tens (copied from Number and Place Value) | count in steps of 2,3, and 5 from 0 , and in tens from any number, forward or backward (copied from Number and Place Value) | count from 0 in multiples of 4, 8, 50 and 100 <br> (copied from Number and Place Value) |  | count in multiples of 6 , $7,9,25$ and 1000 (copied from Number and Place Value) |  | count forwards or backwards in steps of powers of D for any given number up to 1000000 (copied from Number and Place Value) |  |  |
|  | recall and use multiplication and division facts for the 2 , 5 and 10 multiplication tables, including recognising odd and even numbers | recall and use multiplication and division facts for the 3,4 and 8 multiplication tables |  | recall multiplication and division facts for multiplication tables up to $D \times D$ |  |  |  |  |
| WRITTEN CALCULATION |  |  |  |  |  |  |  |  |
| Year 1 | Year 2 | Year 3 | Year 4 |  | Year 5 |  | Year 6 |  |
|  | calculate mathematical statements for multiplication and division within the multiplication tables and write them using the multiplication ( $\times$ ), division ( $\div$ ) and equals (=) signs | write and calculate mathematical statements for multiplication and division using the multiplication tables that they know, including for two-digit numbers times one-digit numbers, using mental and progressing to formal written methods | multiply two-digit and three-digit numbers by a one-digit number using formal written layout |  | multiply numbers up to 4 digits by a one- or twodigit number using a formal written method, including long multiplication for twodigit numbers |  | multiply multi-digit numbers up to 4 digits by a two-digit whole number using the formal written method of long multiplication |  |

# Number: Multiplication and Division 

|  |  | (appears also in Mental Methods) |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  |  |  |  | divide numbers up to 4 digits by a one-digit number using the formal written method of short division and interpret remainders appropriately for the context | divide numbers up to 4-digits by a twodigit whole number using the formal written method of short division where appropriate for the context divide numbers up to 4 digits by a two-digit whole number using the formal written method of long division, and interpret remainders as whole number remainders, fractions, or by rounding, as appropriate for the context |
|  |  |  |  | use written where the places (co decimals)) | division methods in cases answer has up to two decimal juied from Fractions (including |
| PROPERTIES OF NUMBERS: MULTIPLES, FACTORS, PRI MES, SQUARE AND CUBE NUMBERS |  |  |  |  |  |
| Year 1 | Year 2 | Year 3 | $\frac{\text { ORS, PRIMES,SQUARE AND }}{\text { Year } 4}$ | Year 5 | Year 6 |
|  |  |  | recognise and use factor pairs and commutativity in mental calculations (repeated) | identify multiples and factors, including finding all factor pairs of a number, and common factors of two numbers. | identify common factors, common multiples and prime numbers <br> use common factors to |
|  |  |  |  | Kow and use the vocabulary |  |

# Number: Multiplication and Division 

|  |  | Operations to check answers <br> (copied from Addition and <br> Subtraction) | to a calculation <br> (copied from Addition and <br> Subtraction) | determine, in the context of a <br> problem, levels of accuracy |
| :--- | :--- | :--- | :--- | :--- |

| PROBLEM SOLVING |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Year 1 | Year 2 | Year 3 | Year 4 | Year 5 | Year 6 |
| solve one-step problems involing multipication and division, by calculating the answer using concrete objects, pictorial representations and arrays with the support of the teacher | solve problems involing multipication and division, using materials, arrays, repeated addition, mental methods, and multiplication and division facts, including problems in contexts | solve problems, including missing number problems, involing multipication and division, including positive integer scaling problems and correspondence problems in which $n$ objects are connected to mobjects | solve problems involing multiplying and adding, including using the distributive law to multiply two digit numbers by one digit, integer scaling problems and harder corressondence problems such as n objects are connected to m objects | solve problems involing multipication and division including using their knowledge of factors and multiples, squares and cubes | solve problems involing addition, subtraction, multipication and division |
|  |  |  |  | solve problems involing addition, subtraction, multipication and division and a combination of these, including understanding the meaning of the equals sign |  |
|  |  |  |  | solve problems involing multipication and division, including scaling by simple fractions and problems involing simple rates | solve problems involving similar shapes where the scale factor is known or can be found (copied from Ratio and Proportion) |
