

Nightingale Primary School

'Inspire to Aspire'

About us

Our children learn to be the best versions of themselves, where we nurture their happiness, their identity, their social and emotional development, their physical health, and cognitive and academic success. Together, we learn to be good friends, deep thinkers and morally responsible citizens who are informed to make positive contributions to their community. At Nightingale Primary School, we celebrate and respect difference; no-one is an outsider, everyone belongs.

Expert team

Our staff pride themselves on knowing each and every child extremely well, so that they can cater for their individual needs and carefully plan for playful, practical and purposeful learning opportunities. We provide play of many different types, both indoors and out, in open-ended, child-initiated and structured activities.

Creative Curriculum

Our Curriculum includes opportunities which allow for deep and immersive learning of new knowledge, skills and concepts. It enables children to strengthen their knowledge, frequently practise and refine their skills and deepen their experiences of our key concepts.

Looking for a school place for your child for September 2026?
