Hall Closure

Dear Parents,

Firstly, we'd like to wish you all a very Happy New Year and hope that the start to 2024 has been a positive one. For us as a school, the new year brings the final phase of our building work with much of the work now focussed on the remaining recladding.

Internally, there's still some redecoration; blinds to go up and some ceilings to be replaced with thankfully the worst and most disruptive work now complete. That being said, there is still some extensive work needed in the hall. Due to Health and Safety, this means it will be out of use for two weeks, commencing Monday 8th January, so there will be some slight changes to the usual running of the school. It is unlikely that it will affect you but this communication is for your awareness and to keep you informed when you're having discussions about school life with your child.

The following outlines the changes to be made as a result.

School Lunches

Our usual menus will be on offer. We will be serving the children their lunch in their classrooms with the usual play arrangements outside. Please ensure your child brings their water bottle to school daily.

After School Clubs

Gymnastics has been cancelled. Integr8 Dance will take place in the Music Room. ComputerXplorer's will continue to use the usual classroom. Our other clubs will continue to use our outside space.

Breakfast Club

Breakfast club will take place in the huts so please drop off there where Mrs Saville will take the register as usual.

Sensory Circuits

Given the space needed, this will run on reduced capacity in the Music Room.

PE

All PE lessons will take place outside. In the event of poor weather, alternative arrangements will be made with adaptations to the learning intentions. These will focus on leading healthy, active lives.

Assemblies

These will take place virtually. Unfortunately, we will need to cancel Singing Assembly.

Yours sincerely

Mrs Hannah Beckett
