Spring Term 2
July 2023

Headteachers News

Dear Parents,

I think you'll all join me in welcoming the summer break and all the excitement that it brings, as well as appreciating the important opportunity for everyone to switch off for some time from the pressures of the busy term.

What a delight it was to accompany our Year 4s on their residential to the beautiful Minstead Study Centre. They represented our school so well with their positive mindset and 'Can do' attitude to the challenges they faced whilst away from the comforts of their own homes. We saw boosts in confidence, improved communication skills as they encouraged their peers and navigated their way through challenges, independence, empathy and of course team work. It has left us all very excited about the forthcoming trip in September for our current Year 3s and of course the heights of the Brecon Beacons (now officially known as Bannau Brycheiniog) for our current Year 5s.

At the beginning of July, Mrs Saunders and I were asked to speak by Inspectors at the County Inclusion Conference. We were honoured, but nervous of course, to present to colleagues from across the county on how the expertise among the teaching and support team has supported our children in becoming increasingly independent. We talked of the precise design of learning, the great pedagogical skills of our teachers and the climate for learning that has been created at Nightingale. We are now receiving requests for visits and we look forward to sharing our great

practice and adaptive teaching approaches with other schools.

I am pleased to share the outcome of our recent Parent Survey with you. Thank you to those of you who took the time to add additional comments; we were touched by so many of them. It certainly does give us the motivation to continue to raise standards in every area, helping our children to achieve their full potential. Like you, we want the very best for our children and the school.

Here is a summary of the results:

89% of parents agreed or strongly agreed that their child feels safe at NPS with 6% knowing who to go to if they feel unsafe.

86% of parents agreed or strongly agreed that the school promotes good behaviour and challenges poor behavioural choices. Maintaining high expectations of behaviour in our diverse community can be challenging at times and we thank you all for your support in this. In the autumn term, we will be running specialist training for parents to support them in creating the skills empathy, positive parenting approaches and appropriate expectations. More details to follow in the new term!

54% said that their child had not been bullied and 25% of parents agreed or strongly agreed that the school had dealt with bullying quickly and effectively. A further 8% said they did not know (87% in total). We did however, have 13% of parents who disagreed with this. We always appreciate the feedback and will endeavour to reflect and evaluate our systems so that everyone feels supported through what is a very serious and sensitive matter that can have long term affects on children. We do not tolerate any form of bullying in our school.

91% (increase from last year) said that our school values of Respect, Courage, Compassion and Friendship encourage their child to make positive choices. A further 4% were unsure. We immerse our children in these values so it brings us great joy to hear how they take them beyond the school gates and talk of them at home.

93% (increase from last year) said that the school makes them aware of what their child will be learning. We are very pleased that the vast majority of our parents feel well informed.

60% of parents agreed or strongly agreed that NPS responds well to any concerns raised (22% said they have not raised any concerns). Concerns are subjective so it is always a challenge to get this right for every parent especially if they have not had the outcome they would like. However, we hope that parents who have not had the outcome they had liked, understand the reasons behind this and understand our children are always at the heart of our professional decision making.

The survey had a great response from families who have children on our SEND register - 32% of respondents! The vast majority of these felt that their child was supported well.

86% of parents agreed or strongly agreed that NPS has high expectations of their child. 7% didn't know. We do have high expectations of all our pupils, both in their conduct and academically. We expect all our pupils to *Inspire to Aspire!*

85% of parents agreed or strongly agreed that we let parents know how their children are doing. We would like to see this at a higher rate next year. On top of our two reports we send home annually, our three parents' evenings and additional parents evening for pupils who have SEND and teacher's informal updates, we will look at other means to do this.

90% (increase from last year) of parents agreed or strongly agreed that their child does well at NPS.

91% of parents agreed or strongly agreed that NPS offers a good range of subjects.

78% said that the skills their child learns in PE encourages them to be more active with 9% unsure.

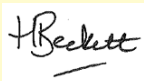

82% of parents said that their child can take part in clubs and activities. This is slightly down on last year and lower than we would like do we will look to address this.

76% of parents said that the school supports their child's wider personal development with 14% unsure. Again, we would like to see improvements in this area with teachers and leaders already looking at making enhancements within our curriculum to enable this.

This feedback helps with our evaluation cycle so thank you again for your input in this. Our priority is always to take the school forward recognising the current strengths as well as addressing areas where the school needs to improve. It is clear that our thoughts around improvement align with some of yours.

We value the partnership we have with our parents and know that a strong partnership leads to great outcomes for children, so if for any reason you have disagreed to any of the statements I would welcome a meeting with you.

Wishing you all a fabulous summer break and looking forward to seeing the children return to their new year groups refreshed and ready for the learning opportunities that await them.

Mrs Hannah Beckett
Headteacher

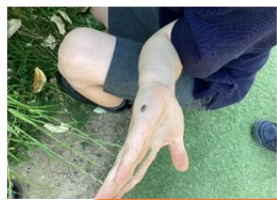

Summer 2 in Year EYFS

This half term has certainly been a busy one for the children and grownups in Year R. We enjoyed a very hot and sunny Sports Day, where all the children got involved in several activities and races, showing fantastic sportsmanship, courage and resilience! We had a fantastic day!

The children have enjoyed learning all about 'The Very Hungry Caterpillar.' The children have been able to sequence the story, write facts about caterpillars and even write their own stories. The children have really enjoyed this topic, which has been supported by us looking after our very own caterpillars, watching them grow, turn into cocoons and then hatching into beautiful butterflies. The children were excited to release the butterflies and wave goodbye to them as they flew away.

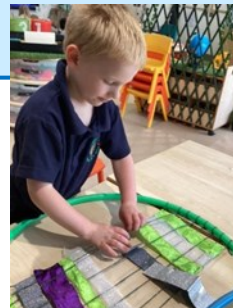

During this half term, the children have been learning lots about minibeasts. They have been using non-fiction books to find out lots of information about them. Kingfishers and Woodpeckers enjoyed going on a minibeast hunt and finding lots of different bugs in the woodland walk. The children were able to write their own facts about the minibeasts and share this information with Year I who were also learning about minibeasts too!

The children have absolutely loved our Eco Green Heroes topic, learning about how to save our planet. They children have been reusing fabric and making some fantastic weaving art, as well as designing their own 'bag for life.'

The children have been visiting their new teachers this half term and getting ready to move into Year I. The EYFS team are excited for the children as they move onto their next chapter at Nightingale, but will miss them greatly!

Year 1 Summer Can you believe we're at the end of Year 1! It's been another busy half term with lots of poetry writing, sewing & clay work.

English: This half term we have been looking at a variety of poetry including, tongue twisters, Pyramid poems & repeating pattern poetry. The children really enjoyed this work & produced some lovely results.

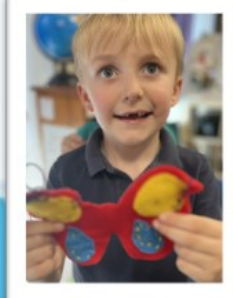

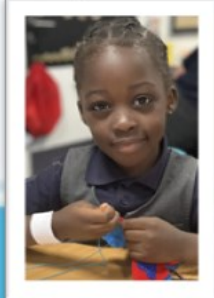

Maths: In Maths we have been exploring capacity using rice and water to fill & compare different containers. We have been identifying containers that are full, empty and half full. We also enjoyed working out how many cups of water we needed to fill different containers.

Art: Our artist study artist this half term has been Lorien Stern – we are currently making clay tile butterflies after looking at the examples of ones she has made.

DT To link with the Clay butterflies and following on from last terms Minibeast topic we have been learning how to join two pieces of fabric together by sewing. First we practiced our sewing skills & learnt how to do running & cross stitch on binca. We then made some felt butterflies by sewing on a decorative shape & then sewing the back & front together.

History: Our focus this half term has been Florence Nightingale & Mary Seacole & learning about why they are considered to be significant historical figures.

We have explored different sources of information to fact find about both of these influential nurses. We have compared the similarities and differences between the nurses and their experiences.

We have learned about the significant impact both ladies had on the nursing profession and medical treatment of wounded soldiers at the time. We have also considered how their actions in the past have influenced hospitals and medical treatment for us today.

Science: In Science we have been learning about the weather & seasons & how these influence the behaviour of animals, including us! We have studied weather maps & learned about temperature as well as exploring which animals hibernate or migrate when it is cold.

What is the weather ?

L.O: I can identify the different types of weather typically associated with each season.

Look outside and write a weather about the weather today. ☀️☁️☔️❄️💧

Look at the weather maps and answer the questions.

What is the temperature in Southampton? _____

What is the temperature in Glasgow? _____

What is the temperature in Belfast? _____

What is the temperature in Cardiff? _____

Which season do you think it is? _____

What is the temperature in London? _____

What is the temperature in Glasgow? _____

Welcome to our Year 2 Newsletter

After a busy Summer 1, with all the SAT's, Summer 2 has been all about consolidating what we have already learnt! It's been full of fun adventures and happy times finishing our wonderful year, ready for our transition to Year 3.

Math Week

Monday 12th June was the start of our annual Maths Week. The children all took part in a Children versus Teachers TTRS battle. We also had lots of fun activities to help us to show off our maths skills.

Sports Day

On Thursday 25th May it was our annual KSI Sports Day. If you were able to join us you would have seen everyone putting one hundred percent effort into having fun and joining in the celebrations. Well done to all for trying their best. Go Team Sparrow and Team Wagtail.

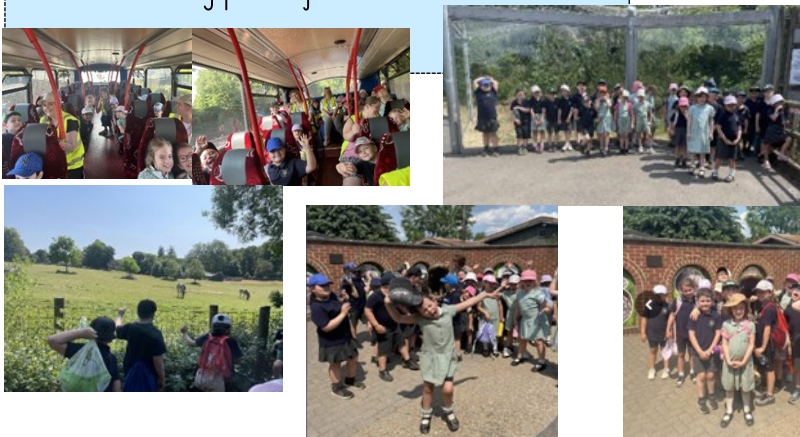

Marwell

On Friday the 16th of June, Year 2 went on our school trip. We travelled on the coach and then got to see lots of interesting animals and found out about them. We found out about the habitats of the different animals and how they adapted to live there. We had a lovely day and the sun was shining. The zoo keepers, members of the public and our parent helpers commented on how well your children behaved at the zoo. We were very proud of them all.

At school we went to marwell zoo and we got there by getting on a coach. I sat with Sammi and we were talking big legs about marwell zoo. I saw a zebra and it was just really shiny. Next I saw flamingos unfortunately they were really old on leg. Also I saw giraffes and they were really tall. I said they were really small. We were a bit nervous and I cried but they were there. I had lunch. It was so lovely. I really liked to live with it.

After that we had a little play in the playground. I was playing with Zacky, Stefan, Blaidi and Sammi.

Then we went to go see the kangaroo but they were there. I was sad. We also went to go see wallaby they were so cute it made me cry. I could not resist it. They were just so cute. I saw some hippo and they were under water. Then my friends spotted a hippo come out of the water.

Finally I went back on the coach and I sat with Stefan.

Year 3

Great British Grow Off!

This half term we have been investigating about our environment. This has included learning about different experiments regarding plants and their food sources. We have also been exploring maps of our local area and the school grounds. We have focussed on our allotment and the positioning of plants to enable the best growth of produce.

We have also had the exciting opportunity of working with Miss Budd in the Allotment. The children have planted pumpkin, peas, beetroot and sunflowers. They are also working hard to keep the allotment weed free and watered in this lovely, hot weather.

Listen 2 Me

This half term, the children are learning to play the recorder. They are working very hard to use and understand music containing three different notes, B, A and G. Our concert to parents was on the morning of Tuesday 18th July, all the children played amazingly and it was our best concert yet! Well done Year 3!

Art

In this half term, the children are focusing on the work of Guiseppe Arcimboldo and Donna Tonnison who are both known for their artistic skills with using fruits to depict faces using clay.

They have practiced their printing techniques using oil pastels and then pushing biro to create the printed image. They have also been practising their clay work techniques to ensure their fruit looks realistic. They are looking forward to bringing their final products home at the end of term.

Rabbi Zvi

We were lucky enough to have a visit from Rabbi Zvi who shared his religious stories and artefacts with us. The children were able to look at a real-life Torah and Shofar. Some children even took part by wearing kippahs and a tallit.

Year 4 Summer Term Newsletter

Well... what glorious, sunny term it has been! We have been able to fully appreciate the lovely summer weather this half term with our trip to Minstead, outdoor learning and helping the wonderful Miss Budd with some gardening.

Year 4 Multiplication Check

The children have been working extremely hard all year to prepare for the Year 4 Multiplication Check. With 25 questions to answer, and only 6 seconds to answer each question, it brings great pressure but we are so proud of how calm and focused the children remained. Each child has made excellent progress with their times tables this year and we could not be prouder of them!

Minstead

We had a fantastic time at Minstead! From a walk through the forest, stream dipping and creating messy maps to making beds and setting the table, we had a very busy schedule! We were extremely impressed with the independence and resilience that the children showed and they were excellent company. We received many compliments from the staff at Minstead about how excellent the children's manner were and how tidy they kept the site. Just another reason why we are so proud of them all!

Art

This half term we have been looking at the well-known designer, Elouise Renouf and the illustrator, Sam Usher. We have been exploring their work and experimenting with a range of printing techniques. We are creating our own printed design with inspiration from the artists that we have studied. The outcomes are looking fantastic!

Gardening

This half term, we have continued gardening with Miss Budd. We have been able to taste some of the foods that we've grown and we have also made bird feeders to keep our local bird friends happy over the summer.

Year 5

We have had another lovely half term with the Year 5's learning all about Rivers! It has been a busy half term with lots of new learning. The children have been brilliantly focused - especially in this hot weather! The last day of Summer 1, the children took part in multiple events across the day for Sports day, which they thoroughly enjoyed.

In English, we have written a newspaper report about some disastrous flooding related to the book 'Floodland' by Marcus Sedgwick. We have also created a persuasive speech about how a character from the story is the best leader for the islanders. In Maths, the children have been consolidating the written formal methods in the 4 operations, especially multiplication and division. We have seen a massive improvement because of their hard work. This has prepared them greatly for Year 6! We have also looked at a variety of multi-step problems and different representations ensuring we use key vocabulary when reasoning. During Maths week, the children took part in games throughout the week and finished with our Mathtermind where Year 5 took on Year 6 in a phase multiplication battle and won!

Throughout this half term, we have had some very mature sex and relationship education lessons which included sensible and well-thought through questions. Our Science topic on fossils have allowed the children to classify, explain the process of how they are made and become palaeontologists for the afternoon. During Art lessons, the children have explored the work of Lizzie McKellar, shown a range of water colour techniques and completed a mixed media collage of a river.

Year 6 Summer 2 Newsletter

Well here it is! The last newsletter for the fantastic Year 6's to share their learning. We are going to miss these amazing children. Not only have they worked incredibly hard throughout the year but they have also been caring, funny, curious and creative learners in everything they've done. The children have also enjoyed a bowling trip, Science visit and leavers assembly/festival as part of their final celebrations! Here is what we have been up to this term.

Shakespearean Actor Visit

Our half term kicked off with a special visit from a Shakespearean actor called Kat. She taught the children how acting during the 1500s could be a challenging job with hecklers and no roof! The children got the chance to act out the play 'Macbeth' and really enjoyed the opportunity to work in a group to practise their role play and get familiar with the story!

Biking

The children had the opportunity to practise their cycling this half term! They learned about primary and secondary positions on the road, signalling with their arms and mastering control of their bike!

Sponsored obstacle run

30 minutes of non-stop obstacle course. As many laps as you can. Raising money for hoodies...go!

Year R buddies

The children had a lovely afternoon with their Year R buddies, playing in the outdoor area. Each set of children definitely learned things from each other! Year 6 were incredibly caring and showed what fantastic role models they are!

Mary Poppins @ Crestwood

Going to Crestwood to watch their performance of Mary Poppins was a real highlight of the term. The children on stage did a fantastic job of conveying the iconic characters with great acting and singing. We recognised some ex-Nightingale students and they were real stars. The Year 6's really enjoyed it and represented our school exceptionally.

Enterprise day

On Thursday 6th July, Year 6 showed their astute business acumen to raise money for their leavers hoodies. They worked in groups between 2 and 6 to create, plan, market and run their own stall. We had penalty shoot outs, a cake sale, raffle prizes and of course sponge the teacher... which proved particularly popular!

A big thank you to the whole school community for helping and supporting this event!

We would like to wish all the best to our year 6 children as they embark on their next chapter, but first of all, enjoy the summer holidays!

Nightingale Primary school are proud to present our first cohort of **Nightingale Future Leaders**.

The Future Leaders are a group of KS2 children, selected by their teachers to learn about, and champion for, the 6 core skills of a Future Leader at NPS. These are as follows

Working with Mike Fleetham

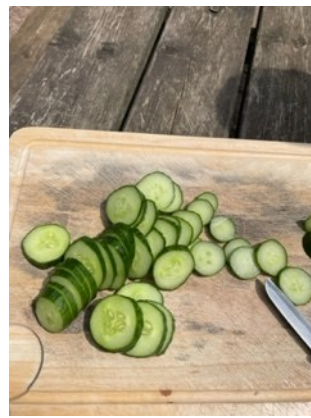

The Future Leaders have enjoyed two full day training sessions with Mr Fleetham and Mrs Clegg over the summer term, as well as regular short sessions in between. The children have impressed us with their maturity, enthusiasm and desire to have a positive impact on the world around them. We celebrated last week with a graduation ceremony during which the Future Leaders were awarded their badges which they are now proudly wearing on their uniforms.

The Future Leaders have lots of plans for the next school year and their role in school will steadily build before they begin to train the next generation of NPS Future Leaders in the summer or 2024. We are starting the term by developing their role as Pedagogues, where the Future Leaders will learn more about the pedagogy behind teaching and learning at Nightingale, will conduct learning walks and will report back their findings to the Senior Leadership Team. Next on the agenda will be mentor training to enable our Future Leaders to mentor peers with their learning.

The school allotment

The children and Miss Budd have been working hard on the school allotment. Please see some pictures below.

Years three and four have enjoyed weeding and planting fruit and vegetables in our school allotment. The above pictures Show cucumbers, beans and courgettes starting to grow.

A big thank you to Charlie for making our wooden signs for the Allotment, Great work Charlie!

School Sports fixtures

Football

Year 4 boys had their first taste of a school fixture playing Romsey Primary. They did fantastically well, winning 4-2. All the children thoroughly enjoyed it and can't wait to play the next one.

Well done boys!

Sports Festival

Our Year 6s had the opportunity to attend a Sport Festival run by Hampshire School Games. They experienced new sports and activities, having fun throughout. They are now keen to continue trying new sports and want to attend more events. They set a great example for the school! **Well done everyone!**

Helping at North Stoneham Primary School Sports Day

Nightingales Y6 Leaders had a great time supporting Stoneham Park KS1 in their Sports Day!

Our pupils led the activities and had glowing feedback from the school and the parents. Well done everyone.

Courage

Friendship

Compassion

Respect

GOVERNORS Needed for Nightingale School

WE WILL NEED:

- Leadership skills
- Management skills
- Finance skills

Do you love to learn?

Do you have 6 Hours to spare?

Are you interested in learning more about the education system?

Do you like to learn with other people?

Join us Now! It's the most rewarding job.

Training will be available.

Summer Reading Challenge 2023

The Summer Reading Challenge is a national initiative that takes place each year in libraries across the UK. In Hampshire the challenge is running from Saturday 15th July until Saturday 16th September 2023.

This year's sports theme 'Ready, Set, Read!' celebrates the excitement of sports and games, and aims to promote healthy habits as well as a love of reading. The challenge encourages children aged 4 to 11 to read six books over the summer holidays and take part in fun activities that promote physical and mental wellbeing.

Once they have signed up for the challenge and started reading, children can collect stickers to add to their special Summer Reading Challenge collector card. All children who sign up to take part will be entered into a prize draw to win a Samsung Galaxy tablet and those who complete the challenge will also receive a certificate and a sustainable medal made of carved wood.

Taking our Values Beyond the School Gates

Well done to all our year 2 children who took our values beyond the gates on their recent Marwell zoo trip. We had the following email from a parent who was on a day out with their son for his birthday:-

"Hello, my family and I was at marwell zoo Friday 16th June the same day your school was and I just wanted to say how lovely your teachers and students were. It was my sons 2nd birthday and they sung happy birthday to him and made his and our day so thank you so much"

You should be proud to have such amazing teachers and students, Thanks again, Beverly

Duniour was awarded players player by his football club.

He has also been busy fundraising for a charity football match with his dance school. They raised £1400 for cystic fibrosis

Duniour took our school values beyond the school gates by being very supportive to a boy with additional needs during the event. Duniour was encouraging and signing to him throughout the day. This allowed the boy to remain calm and stay focused enough to participate.

Congratulations Duniour great work!

Daisy was awarded a Girlguiding Hero Award by the Girlguiding County Commissioner for her completion of every Brownie badge and her dedication.

Congratulations Daisy!

Tyler took part in his 1st martial arts regional championships and came 2nd for his 10 kick combo.

Congratulations Tyler!

Evelyn auditioned along with over 1000 other children for the Royal Ballet Junior associates programme, She has been offered a place that she will start in September.

Congratulations Evelyn!

Henry was super proud of himself getting gymnast of the month .

Congratulations

Hayden & Harry's football team AFC Lakeside won the Cup.

Congratulations to you and your team boys

If your child has demonstrated our school values outside of school and you'd like to share with us, please let us know at teachers@nightingale.hants.sch.uk

Taking our Values Beyond the School Gates

Tilly, Abigail, Alice, Charlie, Sophie and Alicia all took part in a twirling competition and their team won!

Congratulations to you and your team girls!

Abdur & Stefan have been doing amazing reading at home & have achieved 600 reads this year!
Well done boys keep up the good work!

Abigail achieved her 25m badge in her Swimming!
Congratulations Abigail!

Maggie was awarded her first ever medal for participating in a football tournament for her team Whiteley Wanderers.

Well done Maggie for displaying courage!

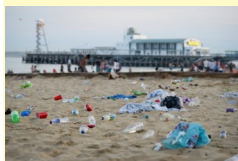

Alfie took part in a 5k inflatable course for charity.

Well Done Alfie!

Jack took part in a charity 5k Inflatable course.

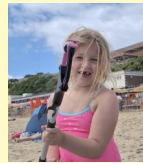

Well Done Jack

After seeing a picture from our Science lesson about Habitats, of Bournemouth Beach with rubbish on it, and how to look after ocean habitats by taking our litter home.

Madison asked her parents to go there to do litter picking!

Well done Maddison great work!

Ruby achieved a medal for her twirling competition.

Congratulations Ruby!

Milena has been working so hard in her cheerleading and her team won their competition. She also got a medal for all her amazing hard work and her excellent flying skills.

Well Done Milena!

Jessica was awarded the golden boot for player of the season!

Congratulations Jessica!

Congratulations everyone, we are super proud of you all!

If your child has demonstrated our school values outside of school and you'd like to share with us, please let us know at teachers@nightingale.hants.sch.uk

Taking our Values Beyond the School Gates

Tilly took part in the IBTA (international baton twirling association) summer competition last weekend along with a few others from the school. She came away with:-

- 1st command marching (group)
- 1st basic strut (novice)
- 2nd solo twirl
- 2nd parade strut
- 2nd m&m (group)

Congratulations Tilly That's a lot of medals!

Congratulations to George in Buzzard class. He has achieved outstanding attendance throughout his entire school journey at Nightingale with an impressive overall attendance of 99.8%

If your child has demonstrated our school values outside of school and you'd like to share with us, please let us know at teachers@nightingale.hants.sch.uk

Farewell to Mrs Davies we wish you all the best with your new position at Stoneham Park , they are very lucky to have such a great teacher! Thank you for all your hard work here at Nightingale, we will all miss you very much!

Mrs Stevens leaves education after an incredible 33-year service! Thank you for all you hard work we will miss you a lot, but enjoy your retirement, you deserve it!

Farewell to Mrs Smith who is retiring after an impressive 32 years. Thank you for all of your hard work over the years, we will all miss your smiley face and your lovely character, but it is time for you to enjoy your well deserved retirement and precious time with your family.

***A WARM WELCOME TO OUR NEW
SCHOOL LOLLIPOP LADY MRS
HILL.***

***Please ensure you are crossing the main Nightingale Road
with Mrs Hill in September. She will be located on the corner
of Woodpecker Way opposite Blackbird Road.
Mrs Hill is looking forward to seeing you all in September.***

Camp Details

360 Sports

Our 360 Sports camp is the perfect place for the sports 'all-rounder'. In this camp you will experience a wide range of activities including: Dodgeball, Tennis, Tag Rugby, Olympic Sports, Fencing, Archery & many more.

Football

Our Football camp is set up to teach children the key skills of football in a fun and relaxed atmosphere. Skills sessions, shooting & defending games and matches will be played throughout the week.

Gymnastics

Cartwheels, handstands, rolling & routines. Our Gymnastics camps are designed to cater for gymnasts from beginner to advanced levels. Children will have the opportunity to build routines, discover new apparatus in a safe and relaxed environment.

3SIXTY Dance Academy

Get ready to take your dance skills to the next level! Our dance camp has been given an electrifying revamp and we're dedicated to providing a high-quality and fun dance experience. Join us for an action-packed week of learning street dance variations, mastering routines, refining technique, and taking part in epic events. Let us bring the world of street dance to you and unleash your inner performer today!

Did you know...

OPEN SIGHT
HAMPSHIRE
Est. 1922

12% of children start school with undiagnosed eyesight problems?

80% of learning is visual?

In children:

- eyesight is fully developed by age 7 or 8.
- problems detected before this critical age have a better chance of being successfully treated.
- eyesight issues may not be noticed by the child themselves.

If this has been helpful, please let us know. We'd love to hear from you.

Open Sight Charity No 1055498 Registered Company
No 3178631 Registered in England and Wales

*Eyetests are free for children.

*You don't need to be able to read to have an eye test.

*Don't delay, book an eye test at an optician today.
